

The 25th ASC Seminar  
The 6th Meeting in 2018 of Kanto Branch of Japan Association for African Studies

# Inter-basin water transfer: From the Congo basin to Lake Chad: Challenges and opportunities

African Studies Center - TUFS will hold the 25th ASC Seminar on December 6, 2018. It is jointly organized by Kanto branch of Japan Association for African Studies and Executive Committee of African Weeks 2018. We will invite Dr. Raymond Lumbuenamo, a professor at University of Kinshasa and Unesco Regional School of Tropical Forest and Land Management (ERAIFT). He is a former Regional Director of World Wildlife Fund.

The lake Chad has shrunk and could disappear in about twenty years due to climate change. The solution that is currently being contemplated is that of an inter-basin water transfer from the Congo basin to the Lake. Dr. Lumbuenamo will discuss how this solution could be achieved.

❖ **Speaker: Dr. Raymond Lumbuenamo**

(Professor, University of Kinshasa and Unesco Regional School of Tropical Forest and Land Management (ERAIFT) / Senior Natural Resources Management Specialist, World Bank)

❖ **Date & Time: Thursday, December 6, 2018 5:40 pm - 7:10 pm**
