

PAL International School @TUFS Opening in September 2022

In September 2022, Seiwa Gakuen, which specializes in early childhood education and has a history of more than 80 years with different campuses, has decided to open a nursery school which offers bilingual childcare (Japanese + English).

We will develop a multiple cultural and linguistic childcare centering on experience-based and inquiry-based.

We will practice children's independent learning with our childcare philosophies, "iki-iki" and "child-centered" childcare approaches, and also with reference to international knowledge such as Reggio Emilia (Italy), Te Whāriki(NZ), etc.
